Attendance Policy

We will follow the Mississippi State University Policy on **Class Attendance and Reporting Absences** (URL: <http://www.policies.msstate.edu/policypdfs/1209.pdf>)

Occasionally students miss examinations. If you know in advance that you will be absent, you must meet with me before the date of the exam and I will let you know whether or not the absence will be excused. If your absence will be excused you may take the exam at a mutually convenient day/time.

If you miss an exam unexpectedly, you must meet with me at the earliest opportunity possible after the absence and provide documentation to support your claim that the absence should be considered excused. If the absence is excused, I will substitute your final exam score for the missed exam. For unexcused absences from exams you will receive a score of zero points.

Auditing students are expected to attend class unless there is an exceptional reason (see the policy link above). Auditing students are not required to attend labs, take tests, or take quizzes.

Student Honor Code

Mississippi State University has an approved Honor Code that applies to all students. The code is as follows:

“As a Mississippi State University student I will conduct myself with honor and integrity at all times. I will not lie, cheat, or steal, nor will I accept the actions of those who do.”

Upon accepting admission to Mississippi State University, a student immediately assumes a commitment to uphold the Honor Code, to accept responsibility for learning, and to follow the philosophy and rules of the Honor Code. Students will be required to state their commitment on examinations, research papers, and other academic work. Ignorance of the rules does not exclude any member of the MSU community from the requirements or the processes of the Honor Code.

You may work with other students on homework. All quizzes and tests are individual assignments unless otherwise specified in the assignment.

Continuity of Instruction

In the event that face-to-face classes are suspended due to extenuating circumstances, such as weather, the instructor will continue instruction in a manner that best supports the course content and student engagement. In this event, all instructors will notify students of the change via their university email address (the official vehicle for communication with students). At that time, they will provide details about how instruction and communication will continue, how academic integrity will be ensured, and what students may expect during the time that face-to-face classes are suspended. If a student becomes unable to continue class participation due to extenuating circumstances, (e.g., health and safety, loss of power, etc.) the student should contact their instructor and advisor for guidance. For additional guidance, please refer to Academic Operating Policy 12.09.
